

Wardsboro Energy Committee 2019 Survey

The Wardsboro Energy Committee is planning to hold several energy efficiency events including some workshops with the state energy efficiency utility, Efficiency Vermont. We are gathering public input to best serve the community and welcome any information you can provide.

The first workshop with Efficiency Vermont on heat pumps and weatherization will be held in April (date to be announced).

1. Please check mark the 3 energy workshop topics that you would be most interested in seeing brought to Wardsboro:

- ☐ **Button Up Vermont:** how homes lose energy and primary opportunities for air sealing and insulation
- ☐ **Cold Climate Heat Pumps:** the latest in heat pump technology, the relative economics compared to other fuel sources, and successful case studies
- ☐ **Do-it-Yourself Home Efficiency Improvements:** Get some practical, hands-on guidance on how you can reduce heating and cooling costs in your home through do-it-yourself measures, including weather stripping your doors and windows, sealing the air leaks in your basement and attic, and installing interior storm windows.
- ☐ **Healthy Homes:** creating and maintaining an indoor environment with safe, healthy air and surfaces
- ☐ **Mobile Home Efficiency:** improvements unique to mobile homes, with a focus on DIY opportunities
- ☐ **Modern Wood Heating:** how wood pellet central heating systems work, and the relative cost and savings compared to other systems
- ☐ **Saving Energy in Your Business:** savings opportunities and resources available to help small and medium business lower energy costs and improve their bottom line
- ☐ **Slash Your Energy Bills:** introductory workshop on reducing energy bills through low-cost efficiency improvements, weatherization, and more
- ☐ **Zero Energy Homes:** the path toward a zero energy home with energy efficiency, heat pumps, and solar
